1 Smith & McCathie "CHERRY BOWER ABBY ROAD" B

21 months semi mature girl, still some way to go but I felt she has a lot to offer. Strong head with out being course, very sweet expression, eye shape and colour good, tight lips. She has a good reach of neck, which flows into a very firm top line. Chest could be a fraction deeper. Front angles good. Very tidy feet, very flexible front pasterns. Nice wide thigh, strong hocks which gave her a well balanced and powerful drive, all in all a very promising youngster. Well done.

### **OPEN**

1 Smith & McCathie "DAXPACK JOHNNY CASH" D

Much more mature, and at 5 years of age, in his prime. So well developed, and standing all square. Handler had him well collected and on his toes. Extremely masculine head, good stop, well placed eyes and ears, had the strength in neck and top line which I feel is absent in some exhibits. Shoulders of good bone and length, upper arm well placed, fore legs straight with tidy feet and pasterns showing the correct angle. Under line good, rear assembly had strength and power. Hocks strong, and well let down, ultra sound in all areas. BOB and G3.

## **FLATCOAT -RETRIEVER.**

### **OPEN**

1 Spurrier "WOODAVENS ZIGGY" D

7 years old male, rather heavy set in all areas, but having said that he did have balance although not as I would have liked. Strong bone very well muscled. Typical flat-coat head, lovely eye shape and colour, ear set good, thick set neck into very hard muscular but level top line. All angles good, bone heavy, feet good. Moved out well, and had a very good rapport with his handler. BOB. A very deserver G4.

## **ENGLISH SPRINGER SPANIEL**

### **OPEN**

1 De Carteret "LYNTONRIDGE LOYALTY CARD AT DERRINDEE" D

Another male so mature, and at 7 years of age very robust. For me I felt he was at the bottom end for size, but so well proportioned, well turned out and presented, keen, confident expression, eye shape and colour good, ear good. Neck of correct length for his size, top line just about as good as it gets. All angles good especially his rear assembly, which held a super power house. Very sound. I did give him a sound look in the group, but he lost out to an excellent line up. BOB.

## **AMERICAN COCKER SPANIEL**

### **OPEN**

1 Walker & Noel "COLORFULL MR NICE GUY" (IMP) D

3 year old in full coat and standing all square. Lovely well balanced head. Clean and good length to neck, top line which couldn't be any better, good for bone and had good shoulders and upper arm to match. Roomy chest, powerful rear assembly. Sound all through, again missed out in the group which I felt was so strong.

## **COCKER SPANIEL**

### **PUPPY**

1 Symphorien "KYNA FLORENCE AT RIENMOUR" B

B/R a 10 month very athletic looking youngster, the only exhibit in this breed today that was not over weight I felt she was a delight, well balanced throughout ultra feminine head. Eye's and ears correct. Lean neck of good length, shoulder had length and angle. Good feet and very good top and under lines. Had a wide well muscled thigh for one so young. BP. PG1.

### **LIMIT**

1 Symphorien "JAYZANDER MAKE A WISH AT RIENMOUR" B

20 months old, very taken with this girl, smart and keen in expression, had super profile, good bone and was very well presented. Confident on the table, good front assembly, top line good length and with just the right amount of width. Strong rear. Very strong hocks, moved really well. So sound.

### **OPEN DOG**

1 De Carteret "BITCON SPY FOR DERRINDEE" D

5 year old and I really liked this one a lot, he was carrying more weight than I would have liked, but I was in a forgiving frame of mind today. Lovely even proportions, so well balance and so well presented. Strong male head good stop, eye shape and colour. Tight lips, good length of neck. Top line as most in the breed today was very good, very substantial bone without being over loading. Tidy feet, and so sound on the move. Loved him. BOB. G2.

## **OPEN BITCH**

1 Smith & Ozanne "LYNTONWOLD LALLIQUE" B

3 year old classic young female B/W, and so sure of herself, well handled to give of her best. Feminine all through, eyes, ears, stop all good. Good angles with the shoulder and upper arm correct and showed up on the move giving her a really super forward reach, width thigh and strong hocks, finish a really good profile, gave her a second look in the challenge. BOS.

## **LABRADOR RETRIEVER**

### **LIMIT**

1 Haynes "SANDYLANDS FUN TIME" D

18 month old, top size male, in fact I think a little over top size, of a working type, very robust in immaculate condition, well handled and so sound. Strong head and very good bone, a few of his attributes. Good front very flexible pasterns, top line could not be any firmer. Rather straight in rear but still produced a driving action. Well done.

### **OPEN**

1 Sharpe's "CARRIEGAME NEW BEGINNINGS OF KERMOUSTER" B

At 4 years of age quite mature, this one on the other hand could be slightly bigger, as is typical of the present dog show dogs. Unfortunately there is such a wide range of types between working and show almost different breeds. Today she did well, standing all square, ultra feminine. Soft expression, ears good, rather short in neck, very good front, and also firm level top line, strong rear, and as should be with this conformation, a very well balance smooth side gait. Sound coming and going. BOB.

## **SPANISH WATER DOG**

### **OPEN**

1 Ozanne's "BRIARLOW'S ASOMBROSA DEL LYNTONRIDGE" B

3 year old girl, mature as this breed gets there early. A striking example of the breed, for me my dog of the day. Has it all, breed type, condition conformation, movement and so well handled into the bargain. Classic head small neat, even muzzle to skull, small ears. Clear sparkling eyes good reach of neck into high wither, with a follow through to an even level top line of good length. Her shoulders couldn't be any better with an upper arm of equal length, fore legs good, chest roomy of good depth. Good tuck, really splendid rear assembly, thigh and second thigh of equal length strong hock for this breed. On the move she created a superb picture of smooth effortless motion, sound coming and going. Delightful. BOB. G1. RB.I.S. Amazing little dog.

## **AVNSC**

### **LIMIT**

1 Cochrane & Martel "ZOLDMALI DISCO" D

14 month old male and one that improved as the show progressed. A Wire Haired Vizsla, who needs to show more wire coat than he has at the moment. But and I say but his conformation is outstanding coupled with movement that has forward reach and drive in abundance. Stands well, strong head, good expression. Quite arrogant in fact, but I don't consider this a bad thing to have, lovely eye shape good ears and above all a lovely long reach of neck with just that hint of an arch. Very good shoulder. Firmest of top line. Shoulders good. Nice straight fore legs, tidy feet and a moderate tuck at loin. Rear assembly well put together. To start with he moved ok, but after several variety classes, his action smoothed out and his handler had her hand in the right place. Superman. BAVNSC.
