

THE GUERNESEY KENNEL CLUB

WINTER OPEN SHOW

29<sup>th</sup> OCTOBER, 2017

Lovely invitation to judge the Guernsey Winter Open show. I had as my co judge Donna Holman who judged the Sporting Groups and made the trip both pleasant and enjoyable. I must thank the Officers and Committee for a lovely friendly and warm welcome making for an enjoyable stay. A very well run show in a super venue, I had the honour of judging the Non Sporting Groups and BIS. A big thank you to the exhibitors who entered some lovely, quality dogs and who took my decision with applause and with some nice comments. I feel I must thank my 2 stewards, Ruth and a Graham both are real stalwarts, who are excellent stewards and worked hard all day keeping the ring going. Extra thank you to Ruth who also collected and delivered me back to my hotel.

BEST IN SHOW 1 German Shepherd Dog LAWRENCES' JSY CH SURFSTONE HOT SALSA PdH My star of the show and a true specimen of the breed. Such a pleasure to award him the top honours.

RES BEST IN SHOW 2 Saluki MARSHALL & MOTTERSHAW'S ULMARRA BOLLINGER PdH (imp IRE)

My first opportunity to go over this delightful and most elegant example of the breed. Beautiful body and in stunning coat with lovely finish and in super condition with so many good points, such a graceful being. A most effortless mover showing elegance of reach and drive.

## UTILITY GROUP

### FRENCH BULLDOGS

#### LIMIT 2 ENTRIES

- 1) BREBANS' CHAMELIA SALTED CARAMEL. I really liked this delightful chap, compact Fawn coated youngster of a good breed type square head, large rounded dark expressive eyes, nice bat ears high set, correct jaw. Powerful neck into a lovely cobby body with slight roach to topline, good substance and body depth, ribs well sprung back short loin, well angle front and rear. Front legs straight set wide with good action spot on, good length and muscle to rear legs but movement could be sounder just needs a little walking to strengthen. His handler just needs to gain her confidence and enjoy showing this boy. BOB
- 2) DEANES' KENQUINCE I WISH Square head of a good type, kind dark round eye high placed ears, powerful arched neck to shoulder just too long in back for me, lacking that compact cobby body just needing more spring of rib further back and less length to loin, has good body substance with an excellent fine textured and conditioned pied coat. Well angled wide front and nicely boned legs and feet, rear legs need to be longer to give rise, sound positive free mover, well handled.

## SHIH TZU

### PUPPY DOG I ENTRY

- 1) DE LA COUR'S SANTOSHA POLAR STAR Loved the outline and balance to this charismatic 10 month old baby boy, a joy to go over his lovely body stunningly presented in a beautiful black and white coat. Loved his broad nicely rounded head with good whiskers and coat furnishings with just enough hair tied up, a stop with blaze, short muzzle black nose, large round kind cheeky dark eyes, long well coated ears. An arched neck of good length holds head proudly, shoulders well laid back. Firm back line covered by a nice plume fall from his high set tail. Broad deep chest short well boned legs well coated with large round padded feet. Short muscular rear legs well boned. Very arrogant carriage with sound forward reach and driving from behind. I could find nothing to beat this charming character who went onto become my BPIS winner. I wish him well in the future and I shall watch with interest should he make the journey across the water.

### PUPPY BITCH 3 ENTRIES

- 1) DE LA COUR'S CAVATEENA WHISPERING SANDS What a stunner this pretty sturdy youngster is. Attractively marked fawn and white dense coat with good under coat in lovely condition. Round broad head with lovely coat furnishings, large dark round eyes, long leathers, nice stop with white blaze, short muzzle good tight lips. Good neck length into well laid shoulders and firm level back line, high set tail with nice plume and tip. I preferred her size, body and balance with lovely chest width and depth, nice straight front boned legs and round padded feet. Lovely rear end very free moving and sound back and front.
- 2) COOPERS' FOREPAWS STYLE IN MOTION. This young bitch was a little on the strong side for me. Broad head, strong stop nice blaze. Round dark eye, nice ear set and short muzzle. Good neck length well laid back shoulders well bodied, ribs short with much longer loin. Good width and depth to chest, straight well coated and boned legs and large round feet, strong rear end well coated. Body well presented in a dense long black and white coat. Excellent handler moving her charge very well.

### 3) GORDONS'SANTOSHA NIGHT SKY

#### LIMIT BITCH 1 ENTRY

- 1) POWERS' ASKTRAXDAXS FIREFLY At just 12 months this very pretty bitch was presented in a lovely honey coloured coat of fine texture, good length with nice undercoat. Head needing more strength and width but feminine and well coated, dark eyes could be bigger, well set ears nicely coated. Good mouth and lips. Arched neck of good length into well set shoulder, topline roaching on stance but levels on the move. Good plume well set on with nice hold and tip. Broad chest, short well boned legs well coated, muscular hindquarters well coated. Very sound mover with good reach and drive.

#### OPEN D 3 ENTRIES

- 1) COOPERS' FOREPAWS AINT SEEN NOTHING Very impressive male on the stance and the move with a lovely forward reach and sound rear drive which won him the place. Beautifully presented and furnished head with nice hair tied up. I would have like his head to have been rounder it was just a fraction long for me, lively dark eyes but they could be larger. Lovely long furnished leathers. Good neck length nicely arched, shoulders laid back into firm backline over a well-muscled body with good width to chest, short forelegs nicely boned and coated, body with good ribs well sprung and in glamorous honey and white textured coat of a good long length with nice undercoat, super held and plumed tail with tip. Good rear legs well coated. Handled so well. BOB
- 2) DE LA COUR'S SANTOSHA ONLY AFTER EIGHT Very attractive 13months youngster, although beaten today I think he will be a big winner in the future, he just lacked the finish of my 1st. Loved his head, broad and round with lovely whiskers and coat giving expression and held hair tied up. Lovely stop, blaze, super kind expression to big dark round eyes, well coated leathers. Arched neck of good length into laid back shoulders firm backline to high set and plumed tail. Strong rear quarters with well boned rear legs nicely coated. Nice width and depth to chest with straight short well boned legs and round padded feet. Super gold and white coat so well presented of lovely texture with good length and undercoat over a well sprung body. Very smart sound mover
- 3) DE LA COUR'S SANTOSHA SANDY COVE

#### LHASA APSO

#### OPEN DOG 1 ENTRY

- 1) BILLINGTONS' BEST FOOT FORWARD AT DENZARINA Correct build to this strong 3 year old male slightly on the bigger side for me and although certainly longer than higher felt he was just too long in back and today was carrying too much weight which showed on the move. Correctly constructed head covered in heavy furnishings over dark oval eyes, heavy pendant ears. Head carried nicely on a good arched neck into firm level backline over a substantial well ribbed body very well presented harsh textured honey and white coat, high set and nicely carried plume tail. Well-handled to get the best from him and once settled moved out well.

#### OPEN BITCH 2 ENTRIES

- 1) BILLINGTONS' DANCING LADY AT DENZARINA Litter sister to the open male but built on different lines and very feminine lovely outline and so well balanced. I loved her head shape and moderately narrow skull, good foreface from a nice stop. Dark forward looking kind

eyes, with good fall of furnishings over, lovely pendant ears. Well arched neck to well laid shoulders and firm level back line of good length, well sprung ribs strong loin. Well angulated front and rear, strong short legs well boned and coated. Strong tight feet. Super body covered in harsh long textured heavy coat well conditioned and presented. Lovely plume to tail well carried. Very sound free mover with good ground coverage. BOB

- 2) POWERS' PETWALK DIAMONDS R FOREVER Slightly smaller all over, with a nice outline and well balanced in height to length. Not the head of my winner but well coated over a good skull and moderate dark eyes. Nice ears set and of good length. Would have preferred more neck length and strength firm backline to well set tail carried well with nice plume. Would have liked more angulation to front and rear quarters. Nice short boned leg and padded feet well coated. Well-presented harsh textured heavy coat of good length over a good body with substance. Moved out with enough drive and action.

#### TIBETAN TERRIERS

##### LIMIT 2 ENTRIES

- 1) WYSERS' MAJIKCHARMS MR CASANOVA Headed the class over his brother preferred his head and its build and balance not being too broad or narrow, with nice stop and strong muzzle, large dark eyes and well set pendant ears. Lovely neck carrying head proudly into well laid shoulder onto a firm level backline over a compact balanced body, maybe today carrying a little too much weight presented in super profuse golden coloured topcoat with nice under jacket. Well angulated front and rear quarters, lovely boned straight forelegs well coated, excellent return of stifle and large round padded feet. Moved out with an effortless gait and the best drive with good ground coverage. Should have a bright future.
- 2) MARTELS' MAJIKCHARMS U R THE ONE Owned by the breeder and another stylish dog with a lovely balanced outline and presented in a lovely profuse shaded sable coat with a fine undercoat. Lovely head but not the balance of his brother. Super dark eyes nice pigmentation kind expression, head well coated, nice ears set, good muzzle, nice neck needing a little more length, good strength into firm back with nicely set and carried feathered tail. Good angulated front with depth to chest, brisket and body with enough spring of ribs. Straight well boned legs with padded feet well coated, strong stifle and quarters well coated. Moved out very soundly but lacking the reach or drive from his hindquarters.

#### OPEN DOG

- 1) LE MOIGNANS' WATERLEY SKYFALL Very impressive 4.5 year old male with a lovely overall build and balance and holds himself both on the stance and the move. I preferred his head development nothing overdone and of correct width and length with nice stop, super dark eyes and kind expression nice dark rims. Well set on ears. Strong moderate neck holding head proudly, well laid back shoulders nice angulated, firm balanced back to nice set and carried feathered tail. A compact body with good depth to chest, brisket and well-muscled with correct quarters with good return of stifle and strong hocks. Very well presented profuse double shaded gold coat of good length. Straight well boned well coated legs and large well coated feet. Stylish mover excellent side gait and very sound free movement both ends. BOB
- 2) SIMMONS' KYBO MISTER MILAN AT KALADASH PdH Very impressive on the stance and so well coated this nice black but for his 6 years old he lacked for me the strength and build of my winner. Such a nice head shape smaller in skull but with correct length, nice stop, good

eye colour and shape, well set and carried ears. Strong neck to well laid back shoulders into a firm balanced backline, well set on and carried tail. Excellent front angulation and depth to chest and brisket well bodied and ribbed back. Not the rear quarters of one and lacking the strength of drive on the move.

#### OPEN BITCH 1 ENTRY

- 1) LE MOIGNANS' LASANG TIGER LILY nicely built and correctly balanced feminine 7 year old presented in lovely condition in a superior profuse coat of a dark shaded honey colour of good texture and length. Lovely head and skull shape, with stop, expressive round dark eyes, neat set on ears, good muzzle and dentition. Strong neck with enough length into well laid shoulders into a very broad back lacking a little in strength nice tail feathered. Body carrying too much weight and showing on the move with although sound was reluctant. Straight legs and big padded feet well coated. Strong quarters handled well.

##### OPEN 1 ENTRY

- 1) BROUARDS' BOTLIERSKOP HEAVEN SENT. Looked very impressive on the stance working well with her handler. Is a good size to this compact well-constructed powerful bitch, superior head with good breadth and depth nice stop, lovely almond shaped dark eyes, well set on ears. Strong neck to well laid shoulders firm broad back line over a body of substance but carrying far too much weight showing in her movement. Very well presented and conditioned coat of correct colour with clearly defined black and rich tan markings. Good depth and width to chest, well set on straight legs with plenty of bone, good pasterns and round strong feet. Good return of stifle and short hocks. Although sound was inclined to side wined and lacked the drive. BOB

## BOXER

### OPEN 2 ENTRIES 1 ABS

- 1) BAYES' MBE DOCREMA DON GIOVANNI Stunning head so well moulded and in good proportion to his build and body. Lovely eyes forward looking dark brown and so expressive, high set ears, well apart and used to advantage when alert. Correct muzzle and jaw. Strong muscular neck of good length to laid back sloping shoulders into a slightly sloping firm short broad back to muscular quarters with developed stifles and strong hocks. Body with depth and a strong short loin and nice tuck to bodyline. Presented in short glossy brindle and white coat tightly fitting to his body. Well-developed chest and straight well boned legs with compact catlike feet. Well handled by a second handler very sound with great reach and driving action. BOB

## ALASKAN MALAMUTE

### PUPPY 1 ENTRY

- 1) BROUARDS' SUTARKA COCO CHANEL AT ORSAMALS Just under a year old this very impressive young bitch just gaining her powerful body with nice length to body and with a good length of leg. Feminine but broad head nothing coarse about it, well used and carried ears, head narrowing slightly to her well-shaped dark eyes and muzzle. Angulated shoulder but would have liked more length to her upper arm. Slightly sloping straight firm back to well set on tail curving up nicely. Nice body with enough substance and strong loin. Attractive colour to her grey wolf sable coat but a shame as she was very out of coat today. Good chest and rear quarters well-muscled. Slightly unsettled on the move just needing more space to show her paces but once into a stride showed power and soundness.

### OPEN 1 ENTRY

- 1) BROUARDS' DREAMWOLVES J'ADORE AT ORSAMALS Slightly different in type build and balance but for me on the day was the best of the two but I am sure the youngster will come to the fore quickly. Very powerfully built but today was carrying too much weight on a body with depth and substance with a good muscular loin, but made her legs look a little short although when going over were of good length and strength. Super thick coarse black and cream coat with a dense undercoat. Super head well marked, dark alert eyes, well set ears, strong sloping neck into a firm sloping back line to well set and carried tail. Very stylish mover with a good gait does single track but was sound with good action. BOB

## DOBERMANN

### PUPPY 1 ENTRY

- 1) SMITHS' SHALISSA'S PUT A SPELL ON ME For me she was a joy to look at just 7 months this well-schooled and handled very feminine bitch pup, so well presented in her sleek gloss black and tan coat. Moderate size with overall balance with a very elegant clean cut long head with super carriage well carried on a good lean neck with length and strength. Well angled shoulder to upper arm with enough depth of chest, straight balanced legs and cat-like feet. Super built body short firm back to well set on tail carried well. Good ribs with depth and well back into nice loin, good firm tuck and belly line. Excellent hindquarters good stifle well-muscled really moved out soundly with good side gait and ground coverage. PUPPY DOG 1 ENTRY

- 1) DEANES' LES NUAGES HERMES Stunning and quality youngster as he walked into the ring caught my attention and did not disappoint as I went over him. Lovely overall proportions with a great outline and presented in a super black and white coat to match. Masculine

developing head, broad skull narrowing nice to strong muzzle. Dark open lively eyes set well apart, black nose. Good length of neck into a firm level back over a body of depth, substance and in muscular condition. Well angled front with straight well boned legs with slightly sloping pasterns and tight oval feet. Broad quarters well boned, good return of stifle, let down hocks. Both stunning to look at and stunning on the move very free with light ground coverage. Unlucky to be beaten by a stylish Shih Tzu on top form. BP RBPIS

#### PUPPY BITCH 2 ENTRIES

- 1) MARTELS' LES NUAGES PANDORA Very attractive black and white and litter sister to the puppy dog but not as forward in her development, but so feminine and built well for her age. Pretty constructed head nice skull narrowing through eyes to a strong muzzle, black nose, sweet dark oval eyes set well. Erect ears set well. Strong long neck broadening nicely at the shoulders on into a firm back to well set and carried tail. Well bodied with nice ribs well back into a muscular loin. Deep chest with elbow well in on straight well boned legs and oval padded feet. Running close but sound with good reach and drive.
- 2) HITCHON & SEWARDS' LES NUAGES PHAEDRA OF PATOIS Another litter sister and so beautiful to look at with her lovely tri marked head with good skull and narrowing to strong muzzle with black nose, dark alert eyes. With enough body and substance covered in superior tri coloured coat of medium length in a lovely glossy condition with correct texture. Good overall balance and very elegant with excellent angles but lacking the bone on the front legs. Tight oval feet. Strong quarters with good return of stifle and muscular of which I could not understand as her rear movement was unsound and crossing completely over, front action was sound and positive.

#### LIMIT 1 ENTRY

- 1) DAVIES' LES NUAGES PORCIA 3 year old bitch an older sister to the youngsters and built on similar lines but with obvious maturity and development. Well proportioned outline of complete balance with a body of sufficient substance and depth presented in clean well textured black and white jacket, nice legs feather and trousers. Well angulated front with depth to chest and enough width elbows well in on straight boned legs could have more strength to the bone, nice pasterns and tight oval feet. Broad strong quarters with nice set and length of tail. Correctly turned stifle strong short well let down hocks, stylish mover very sound running free and smoothly.

#### OPEN DOG 1 ENTRY

- 1) DAVIES' FOXBARTON KINGS NOBLE This stylish very masculine youngster is very breed typical and has a super character. Beautiful moderately long black and white jacket with good thickness and lovely gloss finish, nice feathering on legs and trousers. Nearly 2 years old has developed nicely has a lovely elegant head with nice broad skull narrowing through to a nice length and strength of muzzle. Alert dark eyes, well carried and used ears, black nose. Well angulated front and rear with good muscle tone. Straight well balanced and boned legs and oval feet. Strong return of stifle good free driving action from strong hocks very sound with excellent side stride. BOB

## OPEN BITCH 2 ENTRIES

- 1) DAVIES' LES NUAGES ROSINA Nice breed type with lovely lines, has a smart outline and she is incorporating her lovely breed points into the youngsters as she is their dam. Very feminine well worked and constructed head, sweet dark oval eyes, well set ears but these could be used to better advantage. Nice neck, shoulder, topline and well feathered and set tail. Lovely front angulation, chest with good depth and width, elbows well in on straight well balanced and boned legs and feet. Lovely body substance with good depth, a well-conditioned and presented b/w coat of good texture and depth. Strong muscled quarters, return of stifle and let down hocks, very free moving action and sound both ends.
- 2) HITCHON and SEWARDS' PATOIS PHIZZ Smart very feminine brown and white nicely textured and coated, with nice leg feathering and trousers very elegant in outline but felt she was not as breed balanced as my winner. Pretty head well shaped with nice broad skull and tapering to a strong muzzle and jaw, brown nose, with good stop, dark oval eyes, well set apart ears. Good front but not the angulation of one, lacking in bone and would like tighter feet. Correct quarters well-muscled, good return of stifle and let down hocks. Moved out soundly good free action just lacked in the drive of 1.

- 1) OZANNES' PRAJNA MOMENT IN TIME AT LYNTONRIDGE Just exquisite this petit graceful bitch of correct build with a smooth hairless body. Lovely to go over but she is slightly timorous at present. Feminine elongated head with a nice white veil of hair, wide set dark almond eyes, ears large and low set with some fringes. Long lean clean neck carried well on the move. Set into clean laid back shoulders into a supple body with good warm skin, broad chest, dainty slender boned legs and hare feet with white socks hair. Rounded rump good stifle and well muscled. Very elegant mover with lovely reach and drive lovely tail carriage on the move. Adorable should have a bright future.

- 1) SYMPHORIENS' REGENCYLODGE ROXELLE AT RIENMOUR In my opinion I would have liked a little more length of leg but she is certainly well put together and has a decidedly square and cobby body. Nearly 3 years old presented in very clean well conditioned, smart fawn coat with black mask. Correctly shaped head, large dark open eyes, well used small thin black dropped ears, correct muzzle wide jaw just little too much wrinkle over her nose. Good thick neck could be a little longer firm broad backline and nicely curled tail over her hip, straight well bone forelegs and a good return of stifle a real character full of charm but carrying a little excess weight baggage today although this did not show on the move which has a very sound forward action and nice 'pug roll' from behind. #### CAVALIER KING CHARLES SPANIEL

##### LIMIT 1 ENTRY

- 1) BENNETTS' HONEYBET HAPPY TALK Strongly built masculine Blenheim boy, slightly on the tall side but balanced in outline. Almost flat skull good width between high set pendant feathered ears. Large round dark expressive eyes well filled under, good muzzle length and lips fitting well. Head carried smartly on a moderately long slightly arched neck, clean shoulders firm topline just rising over the rump on the stance but levels completely on the move. Tail set well but flagging too high on the move. Well developed chest and brisket with correct body weight and depth with well sprung ribs, beautifully presented and textured silky coat of broken rich chestnut and pearl white with nice feathering. Would have liked more return to his stifle, straight well boned legs and with compact padded and coated feet. Free elegant mover well handled. BOB
